Karin subsidiary secures distributorship for Samsung printers and TYLT products in Hong Kong

Singapore, 11 February 2015 – Compucon Computers Ltd., a subsidiary of SGX Mainboard-listed, Hong Kong-based electronic and industrial components and IT solutions distributor and outsourcing service provider, **Karin Technology Holdings Limited** (“**Karin**” or together with its subsidiaries, the “**Group**”), has secured two new distributorship agreements in Hong Kong.

Since January 2015, Compucon became the distributor for all the products of TYLT as well as for Samsung’s printers.

TYLT focuses on accessories for mobile devices including smart phones and tablets. Their product categories include wireless chargers, smart chargers, power cases, charging car mount, travel chargers, car chargers, bluetooth speakers and battery packs. The company also offers a line of stylish protective cases.

From the small to mid-size category to enterprise markets, Samsung’s award winning printers have been recognized for their superior performance, energy-efficiency, eco-friendliness and ease-of-use. The company has twice received the coveted Monochrome Printer / MFP Line for the Year Award along with five awards for Outstanding Achievement at the 2015 Buyers Laboratory Winter Awards. Samsung is the first in the market to leverage on tablet technology for the control panel of its multi-function printers to create a highly customizable and flexible device.

Mr. Raymond Ng, Karin's Executive Chairman/CEO, said: "TYLT's well-designed mobile accessories offer consumers exceptional value, while Samsung is known for its innovative printer products that are cost and energy efficient. Both are well-recognised brands and the Group is off to a good start of the year with these two new distributorship agreements. Our ability to continuously add leading brands to our portfolio speaks of our reputation and track record and we are confident that this will pave the way for more agreements from other strong vendors."

###

About Karin Technology Holdings Limited

Listed on the Mainboard of the Singapore Exchange since 2005, Karin is a leading electronic and industrial components distributor and IT solutions integrator and outsourcing service provider in Hong Kong and the People's Republic of China. Established in 1977, Karin has been principally engaged in the electronic and industrial components and computer distribution business for various segments of the electronics industry, including the communications, computer, electrical appliances and utility segments. Karin expanded its business to include the provision of outsourcing services such as IC application design solutions and data storage management solutions, riding on the increasing demand for IC software applications in the 1990s. In 2011, Karin added a retail business arm to its operations under the trade name "In-Smart". To date, the Group has five In-Smart stores in Hong Kong.
