Karin's subsidiary Compucon drums up business with Jabra Distributorship in Hong Kong & Macau

Hong Kong, 6 September 2016 – Compucon Computers Limited (“**Compucon**”), a subsidiary of Karin Technology Holdings Limited (“**Karin**” or together with its subsidiaries, the “**Group**”), a leading Hong Kong-based componentry and IT solutions distributor, outsourcing service provider and consumer electronics products distributor, has been appointed by GN Netcom Asia Limited as the exclusive distributor for its full range of “Jabra” branded products in Hong Kong and Macau with effect from 1 October 2016.

Jabra is a world leader in developing, manufacturing and marketing an extensive range of wireless communication and audio solutions including wireless headsets, headphones and accessories. With an extensive list of awards won, from the Consumer Electronics Show to Red Dot Design Award (consecutive winner since 2011), the brand is positioned strongly in the earphones and headset market worldwide. Jabra is renowned for its excellent quality and innovative use of technology.

Jabra will benefit from Compucon's position as one of the leading IT and Consumer products distributors in Hong Kong and Macau. Compucon's extensive distribution network and driven sales force is expected to boost Jabra's brand exposure and awareness among retailers.

Karin's Executive Chairman, Mr. Raymond Ng said, “Music is an integral part of the modern lifestyle. People listen to music for many reasons, when they engage in sport or when they want to relax and they are discerning about the quality of the sound. The consumer market in sound products has been a pillar for Karin Group and is a big opportunity for the group to further strengthen our presence in this space.”

“We are excited about this partnership not only because Jabra's products are very much desired by sound aficionados, but also because this means adding yet another leading brand to the wide range of products already distributed by the Group. Compucon has a proven track record in the IT products distributing business and we are confident of being able to play an important role in increasing the sales of Jabra's products in Hong Kong and Macau,” added Mr Ng.

###

About Karin Technology Holdings Limited

Listed on the Mainboard of the Singapore Exchange since 2005, Karin is a leading electronic and industrial components distributor and IT solutions integrator and outsourcing service provider in Hong Kong and the People's Republic of China. Established in 1977, Karin has been principally engaged in the electronic and industrial components and computer distribution business for various segments of the electronics industry, including the communications, computer, electrical appliances and utility segments. Karin expanded its business to include the provision of outsourcing services such as IC application design solutions and data storage management solutions, riding on the increasing demand for IC software applications in the 1990s. In 2011, Karin added a retail business arm to its operations under the trade name "In-Smart" which was subsequently disposed off on 30 June 2016.
